

The Giving Hope Society

Due to Covid-19 our community is struggling even more. With the increase in demand from people in our community who are in crisis situations and with rising operational costs, we have started a new donor program to help bridge the revenue gap and meet the critical needs in the community.

The Giving Hope Society is a group of dedicated annual donors who join to support the mission of Open Door. Each society member is a piece of the puzzle. The assembled pieces create the vision of hope for our community.

hope

If you only carry one thing throughout your entire life, let it be hope. Let it be hope that better things are always ahead. Let it be hope that you can get through even the toughest of times. Let it be hope that you are stronger than any challenge that comes your way. Let it be hope that you are exactly where you are meant to be right now, and that you are on the path to where you are meant to be... Because during these times, hope will be the very thing that carries you through.
